

Quick Start Guide

32" HD Ready 1080p LED Backlit LCD TV

S32LDIB10

Congratulations on the purchase of your new Sandstrøm TV.

Your new TV incorporates the latest technology to enhance your viewing experience. We would suggest that you allow about 20 mins for initial setup.

Please follow this guide for a successful first time installation.

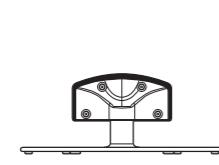

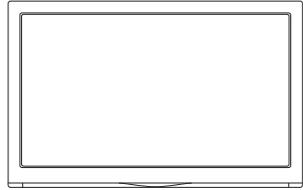

1 Unpacking

Remove all packaging from the TV. Retain the packaging. If you dispose of it please do so according to any local regulations.

Addendum

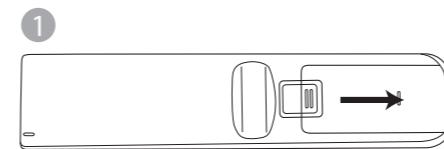

2 Installing the Base Stand

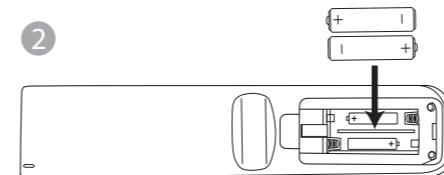

1. Lay the TV down on a flat surface with the back side facing up. Please make sure to place a soft cushioned material (such as a pillow or thick piece of foam) beneath the screen.
2. Slide in the base stand until the screw holes are aligned. Secure the base stand with the 4 screws.

3 Operating Your Remote Control

1. Slide the back cover to open the battery compartment of the remote control.

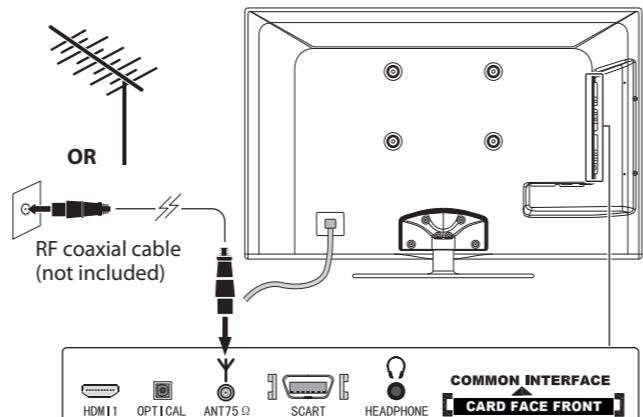

2. Insert two AAA size batteries. Close the battery compartment cover.

! Install the batteries correctly by following the polarity (+ and -) indications in the battery compartment.

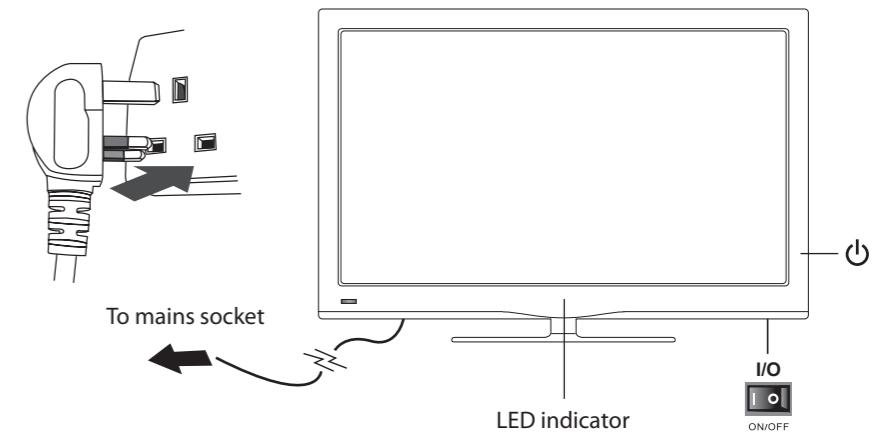

4 Connecting the Aerial

Connect one end of the RF coaxial cable to the aerial socket on the wall and the other end of the cable to the ANT socket on the right rear side of your TV.

! Do not connect the TV to the mains supply until you have completed all the connections.

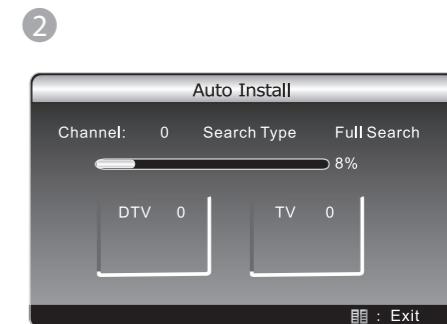

5 Connecting to the Mains Socket

1. Connect the mains cable to the mains socket after you have completed all the connections.
2. Switch on the I/O POWER ON/OFF switch at the bottom of the TV. At this stage, the TV switches to standby mode. The red LED indicator will illuminate on the front panel of the TV.
3. Touch the touch control panel of the TV once to activate it (indicator on the touch control panel will illuminate), and then press the touch sensitive control **ON** on the touch control panel or on the remote control directly to turn the TV on. The red LED indicator will flash for a few seconds.

6 Turning the TV on for the First Time

The first time you turn the TV on, it will go straight into the Installation Guide.

1. Press the OK button or the ► button on the remote control to select Auto Install to start the auto tuning.
2. Auto tuning will commence. This operation may take about 5 minutes. After auto tuning is complete, the first DTV channel tuned will be displayed on screen.

Well done, your new TV is now ready to use.

You will find that there are many exciting features available. To get to know all these features, please take some time to read the instruction manual provided with your TV.
